Directors' Meeting

The M. S. A. D. #44 board of directors met in regular session on Monday evening of this week in the Telstar Library.

Adler Muller, Elementary Supervisor, presented a review of the progress of the mathematics program in the elementary schools of the district. Woodstock teaching principal, Eleanor Tracy, presented a brief review of the progress to date of the work of the Academic Standards Committee.

Telstar Principal Warren Bouchard reviewed for the directors changes in the pupil management system that were to be implemented with the start of the 1981-82 school year.

According to the report of the Superintendent, Dr. Wayne Gersen, school pictures will be taken the week of Sept. 14, with following schedule: Andover and Woodstock Schools, Sept. 15; Ethel Bisbee and Crescent Park Schools, Sept. 16 and Telstar on Sept. 17. Detailed information is to be forwarded to the parents through the school offices.

Dr. Gersen noted that the CADET team is planning to hold its initial meeting on Wednesday, Sept. 9. The CADET chairman, Dave Walton, plans to identify curriculum materials that might be helpful to district teachers for the coming year. The team will make plans to work together with the Bethel Area Health Center and Tri-County Mental Health in trying to address the needs of chemical and drug abuse in Oxford County. The CADET team has planned a workshop for the Board of Directors on Saturday, Oct. 24.

Dr. Gersen also reported that the boilers at Telstar were inspected on Aug. 27. Results of that inspection indicated that one of the boilers will have to be "re-tubed". The superintendent also distributed a letter from Dr. Harry Dresser Jr., stating that he was resigning as a member of the board of directors of Bethel.

The directors approved Elaine S. Dresser of Bethel as teacher of mathematics at the Telstar Middle School.

BETHEL HISTORICAL SOCIETY ANNUAL MEETING TONIGHT

The annual meeting of the Bethel Historical Society will be held this Thursday evening in the meeting room of the Dr. Moses Mason House. It will be preceded by a pot luck supper beginning at 6:30 o'clock. Anyone planning to attend should bring either a hot dish, salad or dessert and should call Mrs. Sarah Stevens to confirm. The program will feature a slide lecture by Crosby Millman who will speak on "The Battle of Lovewell Pond" which occurred at Fryeburg in 1725. During the business meeting a proposed constitutional change will be considered and the report of the nominating committee will be heard. Anyone interested is invited to attend this meeting.

CHAPMAN WINS LOG DAY CHAMPIONSHIPS; SKOWHEGAN

Alan Chapman won the 1981 Log Day Championship held Saturday, Aug. 29, at Skowhegan. The competition featured contestants from Maine, New Hampshire, Vermont and Canada. Chapman won the standing block chop, underhand chop, teamed up with Conrad Ferland from Fairfield, Vt., to win the log-rolling and crosscut sawing, finished second in chainsawing and bucksawing for a total of 36 points in the competition. Second place in the competition went to Leo Lessard of Lyndon, Vt., with a total of 28 points.

"NO LATE BUS" SCHEDULE AT TELSTAR M.S./H.S.

The following days have been designated as "no late bus" days at Telstar Middle/High School for the fall season: Sept. 7, 18, 21; Oct. 2, 9, 12, 21, 26.

All parents and students are reminded that on days there are no late buses, there will be no practice of any kind at school, and students will be home on the bus after school. On some occasions there will be games scheduled on these days and students will be required to provide their own transportation home. (Home games only) The new S.A.D. #44 school board policy states that the late bus will leave at 5:15 every day, regardless of home/away games scheduled.

The Board of Selectmen met in regular session Monday evening, Aug. 31, in the Bethel Savings Bank meeting room, acting on a long and varied agenda.

The Board accepted with regret the resignation of Harry Dresser as a S.A.D. #44 Director effective immediately. Dr. Dresser indicated the resignation was due to his wife being considered for a teaching position in the school system.

Dana Douglass, chairman of the Planning Board met with the Selectmen to explain the Planning Board's recommendation regarding a proposed Hazardous Waste Ordinance. As the ordinance proposed by the Planning Board differs from the ordinance considered by the Annual Town Meeting in March, the Selectmen directed that both proposed ordinances be continued on Page Eight

WOODSTOCK HISTORICAL SOC. TO HOLD ANNUAL MEETING

The Woodstock Historical Society will hold its annual meeting, Saturday, Sept. 12, at 7 p. m., at the school. Curator Larry Billings will speak on prominent Maine political figures of the 19th century such as Hamlin, Blaine, Fessenden, Reed, and the Washburn family.

The nominating committee will make its report and officers for the coming year will be elected. The members will also be asked to vote on whether or not to support the "Don't Yank the Crank" campaign.

This week, however, will be the last week of operation for the museum before closing for the fall. There are still exhibits offered by Ruby Emery and Eva B. Twitchell. In addition, the Town of Woodstock has placed the Senior Citizens' quilt made for the bicentennial on extended loan to the museum. Over 50 people have dropped by this summer, so plan to come in and add to the number on Saturday. The Society wishes to thank Principal Eleanor Tracy and S. A. D. #44 for making the building available to visitors this summer. If anyone wishes to see the museum after Saturday, please call Bryant Pond 142 for an appointment.

WILSON - HADLEY

Laurie Jean Hadley became the bride of Kenneth Daniel Wilson on June 14th at the Woodstock Seventh-Day Adventist Church.

The bride is the daughter of Mr. and Mrs. Glendon Hadley of West Sumner.

Parents of the groom are Mrs. Aldis Lockdin of Pepperell, Mass., and Leroy Wilson of Norway.

The bride wore a long white gown with five rows of lace from the waist down. It had a round neckline and long silk sleeves with a long cuff. Her flowers were blue daisies and white carnations.

Maid of honor Bethany Andrews and bridesmaids Penny Wilson and Penny Lowell, all wore light blue dresses made with lace sleeves and high collars. Karen Jeselskis served as flower girl. Each of the girls carried a bouquet of mini blue and white daisies.

Bill Wisnosky was the best man, assisted by ushers Barry and Tracy Hadley, Dale and Keith Hadley. Randy Holham served as Bible boy.

A reception followed at Ledgeview Memorial Home Auditorium. Mr. and Mrs. Wilson are residing in West Paris at the present.

CARD OF THANKS

Would like to thank John Coolidge for the use of his land, Peter Haines for the use of his staging, the town for providing a law enforcement official and my father for all his help in making the 4th Annual Trappers Convention a success.

Jeannine Fleet, Corres.
Mr. and Mrs. Bryce Yates are home from their trip to Canada. Mr. and Mrs. David Fleet called on Julia at Ledgeview and found her feeling real well.

Mr. and Mrs. Robert Russell were at their home over the week end.

Mr. and Mrs. Jack Dennis' grandson, Andy, spent a couple of days and nights with them.

Romeo Baker has been away for a few days.

Tammy and Penny Fleet were in North Conway, N. H., to do their school shopping.

We have a new Avon lady on Sunday River and her name is Barbara. She lives in the Holman Bacon house.

Sent in by Eva Yates:

The very last day of August 1981. Where did the summer go?

The past week and more has been lovely days—but the nights are cold and the mornings are foggy. We will all pray for a warm September. Everyone is busy—if you want to hire a carpenter it's "I have more work ahead than I can do," so you just keep plugging away and hope you are smart enough to do your work alone. The logging goes on and on—load after load of wood goes by—traffic galore and then someone will tell you about no traffic on Sunday River. Oh well—they just don't live here.

It's a dark and foggy morning but again my news is slim. The Go-Shoes were in Dixfield at the doctor's last Thursday and will be again tomorrow, Sept. 1, nothing serious! Russell, Peggy and I went to Rumford Grange Saturday night and other than that the Go-Shoes hung on the hook all week so you see how good they can be. The gardens are doing fine and its time to can those beautiful red ripe tomatoes and get the last string bean.

Bear River Grange is dated to meet Sept. 12 at the hall. All that can by any means should attend as there is demits to give—charter to be draped, besides other business to take care of. There will be the usual pot luck supper at 6 p. m. so don't fail to show up.

Laura and Bernard Hutchins had dinner with her mother, brother and sister yesterday. The day was Laura's birthday but no cake and ice cream was served. Instead we had her favorite, lemon pie, with a candle on it.

Haven't seen Verna Swan nor our Maude in a coon's age. Plans for the Rowe reunion is Sept. 13 at the home of Bryce and Barbara Yates. Come one, come all for a day of fun and a pot luck dinner. Please Lord give us a nice day. Winter is coming—stay well—keep busy—dig out your overcoat and mittens so you won't be caught in the cold—and summer or winter, keep the Old Hat handy.

Upton
— Mrs. Arline Bernier, Corres. —
The Ladies Aid Fair begins at noon Saturday with a variety of food, craft and tag sale items. Pot luck supper will be served at 5:30. Those not bringing a contribution may purchase supper.

The annual meeting of the church will be held Saturday evening, Sept. 5.

"Early detection is vital for the control of a hearing problem and necessary for the prevention of further deterioration," said pharmacist Henry Pelletier. "The major difficulty with hearing loss is that it occurs slowly, sometimes going unnoticed until it's too late to do anything about it."

AUTHOR STEPHEN KING TO BE HONORED AT UMO HOMECOMING, OCT. 9-11

University of Maine at Orono alumni, gathering for Homecoming Oct. 9-11, will honor noted author Stephen B. King by presenting him with the 1981 Alumni Career Award.

King, a UMO graduate in 1970, has authored many bestselling books such as "The Shining," "Salem's Lot," "Carrie," "The Dead Zone" and his latest, "Cujo." Several of the books have been made into movies. The Homecoming will also include the third annual Arts and Crafts Fair at which some 150 Maine craftsmen display their work.

SECOND 5-YEAR FORESTRY RESEARCH PROGRAM AT UMO

Forest landowners, as well as forestry associated corporations, agencies and individuals, will support a second five-year research program at the University of Maine at Orono through a self-imposed tax on a per acre basis or by virtue of the number of employees supervised. The research will be provided by the Cooperative Forestry Research Unit in the UMO School of Forest Resources.

An additional research, emphasis will be placed on the hardwood resource in response to concern by landowners. There are currently 72 members providing funding for the program.

PROPER MOPED OPERATION URGED BY STATE POLICE

The state police remind moped owners of the proper operation of mopeds on Maine roads.

"With the increase of moped use at this time of year, it is imperative for safety's sake that moped owners and other motorists are aware of the requirements for proper moped operations," said Col. Allan H. Weeks, chief of the Maine State Police.

To operate a moped, a person must have a valid operator's license of any class (but cannot operate on a permit). The moped, registered for a \$5 fee, must be operated to the far right except in single file only, and have the headlight on at all times. A moped may not be operated on an Interstate highway. Also a moped must be inspected once each year at either a motorcycle or motor vehicle inspection station.

The state police Traffic and Safety Division advises of the items that must be included in the annual moped inspection: single or multiple beam headlight, brakes, horn, rear view mirror, exhaust system, taillight, rear plate light, speedometer and odometer.

A final word about money. To educate children in this country costs an average of \$1,600 a year per child. To keep one prisoner in jail for one year costs \$8,600. To keep one child in a detention home for one year costs \$11,500. Public schools are still the best bargain.

SEPTEMBER WORKSHOP AT UNITED METHODIST CHURCH

Plans are being formulated for a Sept. 30 workshop at the Bethel United Methodist Church.

The three-hour session, which has as its theme "You, Your Church and Your Community", will focus on the role of the church in the individual, the individual in the church and the church in the community. It will begin at 2:30 in the afternoon and be followed by a pot-luck supper at the church.

Details will be announced at a later date.

MAKE YOUR MOVE THIS WEEKEND

Several Maine communities have conducted publicity campaigns around the slogan "Friends Don't Let Friends Drive Drunk." With the long labor Day week end approaching, Maine Highway Safety Committee Chairman Lee Allen uses that phrase again in a message aimed at people having friends who sometimes drink too much.

"Most of us know people who occasionally have too many drinks to drive safely," Mrs. Allen said. "If we would make up our minds to keep them from driving until they sober up, our highways would be a lot safer this week end and all the time."

"So far this year Maine has about 30 fewer highway deaths than last year, but alcohol is still involved in the same proportion, about two-thirds," she said. "I commend Gov. Brennan and the legislature for their work on the new OUI law," Mrs. Allen concluded, "but for the upcoming week end the Committee urges everyone to remember that 'Friends Don't Let Friends Drive Drunk.'"

GAUDREAU HAS TACTICAL WARFARE TRAINING IN ITALY

Marine Lance Cpl. Albert A. Gaudreau, Jr., son of Mr. and Mrs. Albert A. Gaudreau, Sr., of Bethel recently conducted tactical warfare training in Italy.

He is a member of Truck Company, 34th Marine Amphibious Unit (MAU), Camp Lejeune, N.C. Following helicopter assaults from ships into an Italian training area, the 34th MAU conducted training with the San Marco Tactical Group, a small, elite Italian force similar to the U.S. Marine Corps. Highlighting the training was a night helicopter assault from the USS Guadalcanal, conducted in total darkness, and under radio silence, the assault demonstrated the Marines' ability to strike quickly at night from the sea to secure island objectives.

A 1979 graduate of Telstar Regional High School, Gaudreau joined the Marine Corps in February 1980.

STATE POLICE URGE CAUTION DURING HOLIDAY WEEK END

The state police will be patrolling this Labor Day Weekend in an effort to help motorists end the summer with a safe driving experience.

"We ask each motorist to join with us in a cooperative accident reduction effort, as the inevitable heavy flow of traffic on all our roads will be a warning to each driver to remain alert behind the wheel," said Col. Allan H. Weeks, chief of the Maine State Police.

Troopers will be especially patrolling along routes bearing heavy traffic concentration so as to be accessible to motorists seeking aid or information. Aircraft and radar equipped marked/unmarked cruisers will be used for speed limit enforcement on the Maine Turnpike, Interstate and other posted roadways.

In addition, Weeks reminds motorists they can be fined and/or put in jail as well as lose their license if they are convicted of Operating Under the Influence (O.U.I.) of alcohol.

The state police advise the three top contributors to fatal road crashes this year have been liquor, speeding and driver inattention—with alcohol being the most significant factor.

MRS. PINETTE AWARDED CHILD CARE CREDENTIAL

Colleen B. Pinette of Bryant Pond has been awarded the Child Development Associate Credential in recognition of outstanding work with pre-school children in a group setting. The credential was awarded by the CDA Credentialing Commission, which is working to improve the quality of care provided for youngsters in child care centers. The Commission represents the early childhood profession through its member national organizations.

Every candidate for the CDA Credential is assessed by a team of four persons including three from the local community. The team members observe the candidate working with children and evaluate the caregiver's competence in six areas. These range from establishing and maintaining a safe and healthy learning environment to advancing the child's physical and intellectual growth.

In an age when both parents of an increasing number of children are working outside the home, finding an environment in which children will receive more than basic maintenance has grown in importance. CDA assures parents that the credentialed caregiver is capable of providing competent and nurturing care.

Parents and caregivers interested in the CDA program should write: CDA National Credentialing Program, 1341 G Street, NW, Suite 802, Washington, D. C. 20005. Or phone toll free: (800) 424-4310.

The Week in Washington

by Sen. George J. Mitchell

Soon after the Congress reconvenes in September, I will introduce legislation to attack the problem of acid rain—a problem that has severe potential consequences in Maine.

My legislation will involve a two part strategy: The first goal is to prevent increases of sulfur emissions from current levels, and the second is to cause significant reductions in sulfur emissions over the next decade.

It is vital that we take this action now. Our state is being threatened with irrevocable damage. We know for certain that the acidity of many of Maine's lakes—one of our biggest tourist attractions—has increased eightfold over the past forty years. We also know that many lakes in the Adirondack Mountains in New York State, and in parts of Canada, can no longer support fish life.

We cannot wait to take action. It will be cold comfort for Maine if a study five or ten years from now establishes with scientific certainty that the acid rain which is damaging Maine's natural resources is truly originating from pollutants emitted from smokestacks in the Midwest.

We are dealing with some uncertainties. It is difficult to relate emissions from a specific source in the Midwest with the acidification of a given lake in New England. But that kind of uncertainty is inherent in the scientific disciplines as well as in all areas of pollution control.

Based on available data, including weather patterns, we are certain about the geographical source of the pollutants which fall in the northeastern United States and Canada in the form of acid rain. And we are continually learning about its damaging effects.

Some of the known and suspected effects of acid rain are:

—50% of the high elevation lakes in the Adirondack Mountains no longer support fish life.

—The acidity of Maine lakes has increased eightfold over the past forty years.

—Canadian scientists have identified 48,000 lakes that will be incapable of supporting fish life within 20 years.

—Scientists have linked a 45%

decrease in the density of red spruce in an area of Vermont with increased levels of acid in the soil. —German scientists believe acid rain is responsible for reduced tree growth in areas of Germany and Great Britain.

These trends are alarming. If acid rain does in fact cause a reduction in forest growth, continued acid rainfall could have a devastating effect on one of Maine's most significant industries and the entire state economy.

MARSHALL - WHITTEN

The First Congregational Church of Andover was the scene, Aug. 1, of the marriage of Miss Lynne Whitten, daughter of Mr. and Mrs. Arthur Whitten of Andover to Robin Marshall, son of Mr. and Mrs. Roland Marshall of Mexico. The ceremony was performed by Rev. David Wuori.

Miss Carolyn Whitten, sister of the bride, was maid of honor. Lee Marshall served as best man to his

brother, Howard Roberts, nephew of the bride, was ring bearer. She was escorted to the altar by her father and given in marriage by her parents. Her gown was ecru with a picture hat with attached waist length veil. The groom wore a light blue suit. The maid of honor wore a street length blue dress.

Ushers were Richard Mills and Mr. Marshall's youngest brother. A family reception followed at the Town Hall. A special wedding cake made by Mrs. Sue Field, cousin of the bride, was a three tier white cake with blue roses. Circulating the guest book were Joshua McDonald and P. J. Farrington, nephews of the bride.

Relatives attending were from Mexico, Rumford, Livermore, Augusta, Roxbury Pond, and Seabrook, R. I., and Waterville.

As far as the prospects for enactment of my legislation, we face an uphill battle. The legislation will be debated as part of the overall debate on renewal of the Clean Air Act, which will occur in the Senate Environment and Public Works Committee, on which I serve.

I am introducing a specific piece of legislation in order to focus the debate on a strategy of action. It is important to Maine that this problem be addressed immediately.

MANY PLANTS INJURED BY LAST WINTER'S SEVERE COLD WEATHER

Many of the injuries seen this summer at the University of Maine at Orono's Plant Disease Clinic were the result of the severe cold weather that struck the Northeast last December and January.

Graduate assistants Mark Begin and Dayle Zanzinger from the department of botany and plant pathology who performed diagnostic tests on the samples, said the extreme cold killed buds and plant ends and caused tree bark to split. Other problems encountered during the first summer of the clinic's operation included routine fungal and bacterial diseases, parasite damage and weeds.

In all, clinic technicians were able to diagnose more than 150

plant injuries with specimens ranging from overwatered house plants to stunted seeds and split tree bark.

Begin and Zanzinger performed diagnostic tests on the samples and then recommended a course of action. They not only relied on their own expertise but also enlisted the aid of the entomology and plant and soil sciences departments to confirm their diagnoses.

The cooperative effort contributed to the success of the clinic, which is still receiving samples from gardeners, commercial growers and the general public. A fee of \$2.50 covered laboratory services for each specimen. Begin and Zanzinger used microscopic examination, wet culturing and occasional site visits as means of reaching their diagnoses.

The clinic plans to continue operation as long as its services are needed. Those interested in sending samples can obtain a specimen identification form from coun-

ty Extension agents. More information about the clinic may be obtained from the department of botany and plant pathology, Deering Hall, UMO.

OLD HOME SUNDAY Service at the West Bethel Union Church on Aug. 30 was attended by a large group of people from area towns. Rev. David Samuelson of Garham, N. H., was the guest speaker. Title of the message, "Keeper of the Covenant."

Greetings from former ministers and friends were read by Rev. Norman Rust.

Miss Cathy Littlefield, organist and choir director, presented a fine musical program including several solos and the choir.

A special cross floral arrangement by Arthur Gilbert was dedicated in memory of all past members and friends of the Church.

Following the service there was a refreshment break where coffee, punch and doughnuts were served in the newly-decorated parlor.

A special musical program was enjoyed following the social hour. After the program the people met outdoors where the new church sign in memory of Libbie Kneeland was dedicated. Mrs. Kneeland joined the church in August 1914 and died in 1980. She served as a deaconess for many years.

Following the services a group picnic was enjoyed at the tables on the church lawn. Boan hole beans, casseroles, salads, hot rolls, coffee and punch were served by members. Old friendships were renewed following the picnic.

Andover

—Mrs. Marjorie Jodrey, Corres.—

Mr. and Mrs. Bill Barnett and B.J. left Saturday for home in Ann Arbor, Mich., after visiting a week with her parents, Mr. and Mrs. Floyd Emerson, Sr.

Attending were Guy Burnham, Susie and Matt, Mr. and Mrs. Daniel MacPhearson, Fred, Kevin, Sonja and Dottie, Brian MacPhearson, Mr. and Mrs. Lewis Glover and the host and family, Mr. and Mrs. Rex Thurston, Donny, Jon and Kurt. A special anniversary cake made by Mrs. Thurston for Mr. and Mrs. Lewis Glover's anniversary was enjoyed by all.

Arthur Thurston, a patient at Ledgeview nursing home, spent the week end at his home returning to West Paris on Sunday.

Mrs. Joan Palmer, Paul Hutchins, Todd Porter and Arthur Whitten went to Boston on Sunday by chartered bus from Rumford to attend the Red Sox vs. Oakland A's ball game.

Mrs. Agnes Porter, Mrs. Ismay Meacham, Mrs. Barbara Warner, and Joy Porter were in Errol, N. H., on Sunday for lunch.

Rev. David Wuori has as his sermon topic, "You Are My Pride and Joy". Worship leader was Ted Tracy. A special solo by Thea Tracy was greatly enjoyed. Rev. Wuori will receive in membership anyone who wishes to unite with the church any Sunday in September. Next Sunday is Communion Sunday. A standing committee meeting was held after services on Aug. 30.

Mr. and Mrs. Scott Bowman of Gardiner spent the week end at the home of her parents, Mr. and Mrs. William Nuppula, and they attended the wedding of Miss Kathi Richardson and Edward Kreighton.

On Sunday, Mr. and Mrs. Louise Glover were given a sixth anniversary party at their home in North Rumford by neighbors and friends. Attending were Al and Sally Boucher, Tony Turbide, Guy Burnham and Matt, Daniel and Angie MacPhearson, Kevin, Sonja and Dotty, Mrs. Mary Thurston, Rex and Merilee Thurston, Danny, Jon and Kurt. A special anniversary cake was enjoyed by all.

Congratulations and best wishes to Mr. and Mrs. Edward Kraighon (nee Kathi Richardson) on their marriage, Aug. 29.

Franklin Barton and LaForest Twitchell attended Maine Farm Days in Albion, on Wednesday.

Saturday evening Franklin and Margaret Barton played cards with Mr. and Mrs. Billy Robinson. James Barton got his driver's license yesterday.

Sunday Margaret Barton and the boys went to Brownfield while Franklin, Roger and Frank Sr. at-

tended trappers' week end at Neil Olson's.

K-D's Acres is ringing with the hum of a chain saw this morning. Dick is on vacation for another two weeks and the winter's wood supply is nearly ready.

I spent last Wednesday visiting my mother, Eva B. Twitchell, Kay Billings, and Christine, Elton and Megan Cole. Chris, Megan and Elton have moved to Bryant Pond, mobile home and all!

Callers last week were: Sarah Andrews, Gus, Polly and Paul McAllister, Franklin Barton, Margaret Barlow, Jeff, Jim and Brett, Gene and Gen Maillet.

Week-end guests were Mr. and Mrs. Woodrow Peterson, Joshua and Megan Beth, of Brewer. Mrs. Peterson was a student in the first class that I taught at Garland Street Junior High School, 16 years ago! Certainly is a small world.

On Wednesday evening, Sept. 9, there will be a meeting of the Oxford County United Parish Women's Fellowship at the Albany Church Vestry. All Albany women are welcome to attend. Please bring a hot dish for the pot luck supper at six, the other two churches furnish dessert and salads. Business meeting and program to follow.

Thursday Sept. 10 there will be a meeting of the Albany Church members and friends at the Church Vestry, 7 p. m. All are urged to attend as there is much that needs to be done.

—Mrs. Collista Morgan, Corres.—

Once at least, each year, we plan to go the old "Middle Road" and on to Twitchell Pond. The day came, one of those perfect ones. The sky leaned down softly, the road curved, the hillsides rose gently, the everlasting New England stone walls dipped into hollows and were lost; even the forest grew properly, as if it had been taught good manners in youth.

The previous rains had washed deeply into the road so that there were rocks, rocks, and more rocks. Some parts of the road had small ponds. We, Fay, Ruth, and I picked our way around them.

The air here was dank and heavy. Even a few mosquitoes came from the bog.

To look upward was to gaze into the deep blue, clear sky. It was a time to feel and to blend sounds. These with the smells and sights, impinged upon me.

Crossing a log bridge I noticed a sunshine yellow leaf fall in languid spiral, then it spun dizzily on the running water and was pushed into a corner, against a craggy root. Here, no doubt, it will stay to vegetate, moulder, disintegrate and become part of the land.

There were various colors and shapes of mushrooms springing up in and beside the road.

Of course the chipmunks and squirrels held squatter's rights to the hillside, sputtering, marking, or coughing with indignation.

As we turned left to take the road to the pond it was much better traveling and so cool and shady. Some of the trees were beginning to color.

In the openings our eyes swept

across an expanse of goldenrod, gray birches, and to hills crowned with oaks and maples.

The huge boulders rolled from the hills fascinated us.

The mountains beyond the pond seemed like ranges that once tried to grow up like their big brothers of the West, then gave it up as a bad job. Lovely just the same!

We rested at the waters edge enjoying it. There are no words in our language that hold such magic, as water. Nothing can be lovelier than the image it evokes. The sound and cool purity of the touch brings memories of youth and the dream of age, adventure, and mystery—where did it start? What happens before it mingles with the tides?

Our walk home was as nice as our trip in. The only difference was the meeting of two friends who invited us to see their camp, which was an added pleasure. It was a very pleasant afternoon.

On Saturday afternoon Kathy Curtis, Dorothy Curtis, Eva Felton and I attended the wedding of George Ridley Jr. and Wanda Billings in Norway and the reception which followed.

Mr. and Mrs. Dale Mills, Shapleigh, visited us Saturday evening then spent the night in their camper.

Ann Holt was in Portland over the week end visiting friends.

At the Haynes Homestead there were many to attend the wedding which took place on Saturday.

At the home of Frank and Dot Curtis there were several callers on Sunday: Dale and Marcia Mills, Shapleigh, Phil and Dot Bentley, Lewiston; Irene Stevens, Augusta; Mildred Bowman, Hebron; Don Bowman, Canton; Fred Sturdivant, Hebron.

—Alice Harvey, Corres.—

Isabelle Bryant and Bea Harris took a couple days off and traveled to Anson to visit Isabelle's sister, Ella Baker. They spent an afternoon at Ender Pond with her nephews, Joe Baker from Connecticut, and Eugene Baker from New Jersey, who were there on vacation. From there they motored to Sidney to visit another nephew and wife, Reginald Gallant and Polly.

The benefit supper held at Wilson's Mills town hall Saturday night was very well attended.

Mrs. Ilsa McGinley accompanied Anne Bragg to AVH on Tuesday. Mrs. Bragg underwent tests. Shelley Albert returned home with her mother on Sunday after spending several weeks with her grandparents.

A special town meeting was held in Magalloway on Saturday.

Danny and Lynda Lake were at the Glovers for the past week. While here they shopped in Colebrook and Rangeley and also toured the Forster Mfg. Co. in East Wilton. On Friday they left for

NOTES FROM THE

BETHEL LIONS DEN

In keeping with a 13-year old tradition, the Bethel Lions Club held its first meeting of '81-'82, Tuesday evening, Sept. 1. Why and how this tradition started no one really remembers. Like many traditions it just happens. Lion Jay Willard calls, "the corn is ready," and the date and place is set. The Lion members and their families all gather at Jay's house for a good old fashion corn roast and cook out. There is no business or club formalities, just the opportunity for everyone to get together and enjoy themselves.

MRS. BLANCHE L. BERRYMENT

Mrs. Blanche L. Berryment of Bryant Pond died Saturday, Aug. 29, 1981, at the Northern Cumberland Memorial Hospital, Bridgton, where she had been a patient since July 30.

She was born at Newry, Nov. 8, 1907, the daughter of Harlan and Lena Bailey Bartlett. She attended Gould Academy, Bethel, and was married to Anthony W. Berryment, Nov. 3, 1934. Mr. Berryment died Feb. 14, 1959. She was a long-time employee of the Stowell Wood Products Co., Bryant Pond, retiring in 1978. She was a former member of Sunset Rebekkah Lodge, Bethel, and the Evergreen Temple, Pythian Sisters, Bryant Pond.

Surviving are a daughter, Mrs. Barbara Billings, Bryant Pond; a son, Norbert (Bucky) Berryment, Columbus, Ga.; and a granddaughter.

Funeral services were held Tuesday afternoon at the I. W. Andrews and Son funeral home, South Woodstock. Interment was at the Hanover Cemetery.

CARLETON J. LESLIE

Carleton J. Leslie, 96, of Hanover, Mass., a retired motorman for the Boston Elevated Company, died Aug. 21, 1981, in South Shore Hospital, Weymouth, Mass., following a long illness. He was the husband of the late Melvina A. (Haynes) Leslie, and brother of Walter S. Stearns, late of Rumford Point.

He was born in Bethel, Maine, and had lived in Massachusetts for many years.

Mr. Leslie retired in 1951 after 30 years with the Boston Elevated. He was a former member of Local 589, Carpenters Union in Boston.

Survivors include a stepdaughter, Lillian A. McDonald of Hanover, Mass.; two step-granddaughters, Patricia Murphy of Hanover and Marian Green of Rockland, Mass.; a half brother, Roland Annis Sr., Milford, N. H.; nine great-grandchildren; two great-grandsons, and several nieces and nephews, including Mrs. Ava Bessey and Roland Stearns, both of Rumford Corrier, Mrs. Irving Welch, San Antonio, N. H., and Roland (Oscar) Annis, Jr., Bethel.

Private family funeral services were Saturday, Aug. 22, in Hanover, with interment in Mount Pleasant Cemetery, Rockland, Mass.

CHAPMAN BROOK BRIDGE TO BE REPLACED

The Maine Department of Transportation is planning to replace Chapman Brook Bridge in Bethel. Bids on the project were to be opened Wednesday morning, Sept. 2, in the Transportation Building in Augusta.

The existing bridge, a twin span structure, carries the Northwest Bethel Road over Chapman Brook about 2.1 miles northwesterly of U. S. Route 2. The wooden plank deck on wooden stringers which sets atop abutments of field stone and granite blocks will be replaced by a single-span concrete slab deck on concrete abutments.

The new bridge will be slightly higher and wider than the present

HEALTH CENTER TO SPONSOR COMMUNITY EDUCATION PROGRAMS THIS FALL

The Bethel Area Health Center will be sponsoring several Community Education programs this fall. A Smoking Cessation Clinic will begin on Sept. 16 and meet for eight consecutive Wednesday evenings from 7:30 until 9 p. m. at the Health Center. The clinic is designed to help people to quit smoking and the sessions will be led by Lissa Thibodeau, registered physical therapist from Andover and a member of the Health Center Community Education Committee. The fee for the clinic is \$10 per person; \$15 per family; \$5 for senior citizens or person under 20 years of age. Anyone who is interested in attending the clinic and free themselves of their smoking habit should call the Health Center at 824-2193 to register.

The Health Center will also be sponsoring the Conway Diet Institute which will meet on Monday evenings beginning on Sept. 14 at the Health Center. Interested persons should contact the Center regarding this program.

Childbirth Education classes will also be offered again this fall at the Health Center. Expectant parents should contact Donna Chapman, Childbirth Educator at 836-2233 for the starting date of the classes.

structure. It will measure 28 feet from rail to rail, an improvement over the present width of 21 feet. The roadway on the new bridge will be about 1.5 feet higher than the present pavement level, matching improvements to the bridge approaches.

Grades on both approaches will be raised to alleviate flooding problems, with most of the fill being placed on the easterly end of the bridge. When completed, the new approaches will carry two 10 foot wide travel lanes with 4-foot gravel shoulders.

To provide added safety, steel guard rails will be installed along bridge approaches and concrete rails will be incorporated into the new bridge, replacing the wooden railings on the existing structure.

The contract also calls for removal of the existing bridge pier and abutments.

During construction, traffic will be maintained on a one-lane temporary bridge to be built upstream of the existing bridge location.

Exact construction schedules will be determined by MDOT and the contractor after the contract has been awarded.

put on the warrant for voter consideration.

The Selectmen considered the discontinuance of Martin's Lane (Sunday River Cross Road), but decided not to take any action at this time. They did, however, appoint members Pat Doon and Peter Weeks along with the Town Manager to further discuss the issue with landowners in the area.

John Wasleski met with the Selectmen to review the status of the proposed elderly housing project in the former Thunderbird property. He hoped the State Housing Authority would be able to sell bonds in September or October to allow financing of the project and that construction could start in the spring of 1982.

The Selectmen approved a renewal license for Mundt-Allen Post, American Legion, to operate a game of chance (sealed tickets) for the period Oct. 1, 1981 - March 25, 1982.

The Board continued discussion of closing certain town roads to winter maintenance. Several helpful suggestions were presented by citizens present and the Board authorized the Town Manager to draft warrant articles for the Sept. 15 Special Town Meeting to close the following roads or portions thereof to winter maintenance from Nov. 1 to April 30 for a period of 10 years. The roads are: Swan Hill Road, a distance of approximately two miles from the Intervale Road to the old Buck Farm, so-called; Osgood Road, a distance of approximately .7 of a mile easterly from a point 800 feet easterly of its intersection with the Intervale Road; Adamson Road, a distance of approximately .25 of a mile easterly from the Intervale Road; Chase Road, a distance of approximately .7 of a mile northerly from State Rt. 26; Waterspout Mountain Road, a distance of approximately .4 of a mile southerly beginning at a point 1 of a mile southerly of its intersection with the Chandler Hill Road; Abe Merrill Road, a distance of approximately .25 of a mile easterly from the Intervale Road; Hart Road, a distance of approximately .2 of a mile southerly from the Rabbit Road; Brown Road, a distance of approximately .1 of a mile southerly from the Grover Hill Road.

The Town Manager read a letter from the State Dept. of Conservation concerning Bethel's participation in the 1982 gypsy moth spraying program. The Board directed the Manager to respond that the Board is concerned about all insect infestations which are effecting forests in the area and that more information is needed on the subject.

It was decided to postpone action on signing a lease with the Bethel Savings Bank for Town Office space until a couple of sections of the lease could be clarified.

A letter of thanks from Ed Quinn and Ernest Perkins was received thanking town officials for their cooperation with the Traffic and Parking Committee during the Indian Raid Commemoration.

A renewal concealed weapons permit was approved for Howard Scott Gunther and the Board voted to require I.D. photos on all future concealed weapons permits.

The Manager noted that the Opera House property will go on sale at public auction on Friday.

GOULD ALUMNI DAY SET FOR SATURDAY, SEPT. 26

Saturday, Sept. 26, is the day of this year's Annual Alumni Day festivities at Gould Academy. A full day of activities has been planned, which include the outdoor Lumberman's Breakfast, Stan Howe's slide show "Gould Through the Ages" to be held twice during the day at the Moses Mason Museum; the Alumni Luncheon and Annual Meeting of the Alumni Association; a full slate of sports events vs. Telstar; the 2nd annual Alumni Cross Country Run; Reception and Banquet; and a host of class picnics and parties.

A special attempt has been made to organize the 5-year classes, those whose class numerals end in one and six. Class reunion chairmen have been busy communicating with their classmates to ensure a large attendance. In this effort the 50-year "Golden Reunion" Class of 1931 leads all others in advanced registrations with some coming from as far away as Florida.

Even though it is not a "special 5-year reunion" for many alumni they are all cordially invited back to join in the fun, nostalgia, and to meet old friends, classmates, and teachers during the week end.

Other activities include a reception for class reunion chairmen, class agents, and Alumni Association Board members and the Alumni Board Annual Meeting on Friday night and an Alumni Art Exhibit in the James B. Owen Art Gallery all week end.

Reservations are now being taken at the Alumni Office 824-2161, Ext. 47. So set aside Sept. 26 and plan to be at Gould to join in the fun.

Sept. 4 at 11 a. m. The sale will be held in the meeting room of the Fire Station.

The Board reviewed proposals for fuel oil and gasoline for the period Sept. 1, 1981 to Aug. 31, 1982 and awarded the gasoline contract to the Goodspeed Oil Co., at a low quote of \$1.2005 per gallon and the fuel oil contract to Brooks Bros. at prices of \$1.083 for #2 fuel oil and \$1.265 for #1 fuel oil. The award was based on the primary use of #2 fuel oil.

Warren Bouchard was appointed as a Special Police Officer/Constable with certain restrictions until March of 1982. MDOT State Aid and T.R.I.F. forms were signed and the Board reviewed the July financial statement.

The Town Manager was authorized to negotiate an agreement with Iver Carlsen of NOVA for pruning and thinning at the Town Forest.

The next regular meeting of the Selectmen will be Monday evening, Sept. 14, at 7 o'clock, in the Bethel Savings Bank meeting room. The Board continues to meet Tuesday evenings to consider applicants for the position of Town Manager.

Residents are reminded that all complaints concerning dogs must be reported to the Town Office in order for the Animal Control Officer to be dispatched. Week-end calls should be directed to the Animal Control Officer at 824-2244.

HAYES - MAGLIONE

Miss Nancy Maglione and Pvt. Wallace Hayes were married Saturday, Aug. 29, at the Hayes Farm, home of the groom's grandmother, in Greenwood City. The patio, where the ceremony was held, was attractively decorated with golden-glow flowers. The affair was attended by some 65 relatives and friends.

The bride, daughter of Mr. and Mrs. Leonard Maglione of West Paris, was attended by Miss Starr Waisanen, also of West Paris. The bride wore a white satin gown overlaid with chiffon and pearl embroidered lace. Miss Waisanen wore a ruffled bodice gown of yellow.

The groom, son of Mr. and Mrs. Erwin Hayes of Bethel, Conn., was attended by his brother Timothy Hayes of Boulder, Colo.

Joseph Perian of West Paris officiated at the double ring ceremony. The wedding march and music was played on the organ by the groom's sister, Mrs. Diane Spires of Durham, N. H. The lavish reception which followed the wedding, was catered by the groom's aunt, Mrs. Verna Libby of Falmouth. Mrs. Peggy Silver of Greenwood City made the wedding cake which was decorated with yellow and pink rose.

After a week of visiting in New Hampshire and Connecticut, Pvt. and Mrs. Hayes will be living in Jacksonville, N. C., where Pvt. Hayes is stationed with the United States Marine Corps.
